

Scottish Journal of Geology

Volume 23, Part 2

Pages 129–226

CONTENTS

MADDOX, STEVEN J. and ANDREWS, JULIAN E. Lithofacies and stratigraphy of a Dinantian non-marine dolostone from the Lower Oil-Shale Group of Fife and West Lothian	129
DAWSON, A. G., LOWE, J. J. and WALKER, M. J. C. The nature and age of the debris accumulation at Gribun, Western Mull, Inner Hebrides . .	149
RITCHIE, J. D., HITCHEN, K. and MITCHELL, J. G. The offshore continuation of the Moine Thrust north of Shetland as deduced from basement isotope ages.	163
BENN, D. I. and DAWSON, A. G. A Devensian glaciomarine sequence in western Islay, Inner Hebrides	175
WILL, C. D. Theses on Scottish geology, 1984–85	189
FOWLER, M. B. and PLANT, J. A. Rare earth element geochemistry of Lewisian grey gneisses from Gruinard Bay	193
SHORT COMMUNICATIONS	
HALL, I. H. S. and CHISHOLM, J. I. Aeolian sediments in the late Devonian of the Scottish Midland Valley	203
BARNICOAT, A. C., CARTWRIGHT, I. and O'HARA, M. J. Kyanite in the mainland Lewisian complex	209
THOMPSON, P., MUSSETT, A. E. and DAGLEY, P. Revised ^{40}Ar – ^{39}Ar age for granites of the Mourne Mountains, Ireland	215
GIBSON, D., MCCORMICK, A. G. MEIGHAN, I. G. and HALLIDAY, A. N. The British Tertiary Igneous Province: Young Rb–Sr Ages for the Mourne Mountains Granites	221
