

Scottish Journal of Geology

Volume 25, Part 3,

Pages 239–396, 1989

CONTENTS

| | |
|---|-----|
| NEW PAGE LAY-OUT—Important note for authors | i |
| OKONKWO, C. T. Geochemistry and sedimentology of Grampian Group metasedimentary rocks, Upper Strathspey | 239 |
| FIRTH, C. R. A Reappraisal of the supposed Ardesier Readvance, inner Moray Firth | 249 |
| WRIGHT, J. K. The early Kimmeridgian ammonite succession at Staffin, Isle of Skye | 263 |
| MCKIE, T. Barrier island to tidal shelf transition in the early Cambrian Eriboll Sandstone | 273 |
| MCMILLAN, A. A. and BROWNE, M. A. E. Fold basins in Late-Devensian glacial marine sediments at Shieldhall, Glasgow | 295 |
| HALL, A. M. and WHITTINGTON, G. Late Devensian glaciation of southern Caithness | 307 |
| TIPPING, R. M. Palynological evidence for the extent of the Loch Lomond Readvance in the Awe valley and adjacent areas, SE Highlands | 325 |
| EVANS, D., ABRAHAM, D. A. and HITCHEN, K. The Geikie igneous centre, west of Lewis; its structure and influence on Tertiary geology | 339 |
| MUSSETT, A. E., DAGLEY, P. and SKELHORN, R. R. Further evidence for a single polarity and a common source for the quartz-porphry intrusions of the Arran area | 353 |
| SHORT COMMUNICATIONS | |
| HALL, A. M. Pre-Late Devensian coastal rock platforms around Dunbar | 361 |
| GIBB, G. F. F. and GIBSON, S. A. The Little Minch Sill Complex | 367 |
| INDEX Volumes 1 to 25 | |
| AUTHOR | 372 |
| SUBJECT | 380 |
