Scottish Journal of Geology

The primary aim of the *Journal* is to publish original papers on Scottish geology, but original papers of general or specialist interest are acceptable. Short communications, and discussions of earlier papers are invited and will be published quickly; other contributions should not normally exceed 12 published pages in length. Review papers will also be considered, but it is suggested that authors contemplating submitting these should at an early stage contact the editorial board to discuss content, suitability and date of publication. Invited reviews are also published.

Instructions for Contributors

Detailed instructions for contributors are published in the *Scottish Journal of Geology* Volume 29, Part 1, pp. 107–11, 1993. Intending authors must ensure that the format of their contributions complies with these instructions, as this will enable processing of their contributions with the minimum possible delay. All correspondence, manuscripts and proofs should be

addressed to The Editors, Scottish Journal of Geology, c/o Geological Society Publishing House, Unit 7, Brassmill Enterprise Centre, Brassmill Lane, Bath BA1 3JN.

Copies of the instructions can be obtained by writing to The Editors, Scottish Journal of Geology, c/o British Geological Survey, Murchison House, West Mains Road, Edinburgh EH9 3LA.

Abbreviation of Titles of Periodicals

Periodical titles are now printed in full.

Certain back numbers of the *Transactions of the Edinburgh Geological Society*, the *Transactions of the Geological Society of Glasgow* and the *Scottish Journal of Geology* are still available. A list of the prices and parts may be had on application to the secretaries of the Societies.

Book Reviews

As space permits, the *Journal* will publish independent reviews of printed works that have a clear relevance to the geology of Scotland.
