

Scottish Journal of Geology
Volume 35, Part 1
Pages 1–96, 1998

CONTENTS

THOMAS, C. W. Late Caledonian calc-alkaline dykes from the east coast of Aberdeenshire	1
FLOYD, J. D., WILLIAMS, M. and RUSHTON, A. W. A. Late Ordovician (Ashgill) ostracodes from the Drummuck Group, Craighead Inlier, Girvan district, SW Scotland	15
FARRIS, M. A., OATES, M. J. and TORRENS, H. S. New evidence on the origin and Jurassic age of palaeokarst and limestone breccias, Loch Slapin, Isle of Skye	25
DROOP, G. T. R., FERNANDES, L. A. D. and SHAW, S. Laxfordian metamorphic conditions of the Palaeoproterozoic Loch Maree Group, Lewisian Complex, NW Scotland	31
TANTRIGODA, D. A. Interpretation of magnetic anomalies over the Isle of Arran	51
FLOYD, J. D. and PHILLIPS, E. R. Xenoliths of Southern Uplands ‘basement?’ in a lamprophyre dyke, Central Belt, Glenluce, SW Scotland ...	57
HUDSON, J. D. and WAKEFIELD, M. I. New observations on the Kildonnan Member, Lealt Shale Formation, Middle Jurassic, Isle of Eigg ..	63
HYSLOP, E. K., GILLANDERS, R. J., HILL, P. G. and FAKES, R. D. Rare-earth-bearing minerals fergusonite and gadolinite from the Arran granite	65
BATCHELOR, R. A. Metabentonites from the Silurian inliers of the southern Midland Valley of Scotland: distribution and geochemistry	71
SHORT COMMUNICATION	
BENNETT, M. R. Paraglacial and periglacial slope adjustment of a degraded lateral moraine in Glen Torridon	79
DISCUSSIONS	
MORTON, N. <i>Discussion on</i> The lower Lias Group of the Hebrides Basin; <i>reply by</i> HESSELBO, S. P., OATES, M. J. and JENKYNS, H. C.	85
BATCHELOR, R. A. <i>Discussion on</i> The occurrence of zirconian aegirine and calcic catapleiite (CaZrSi ₃ O ₉ .2H ₂ O) within a nepheline syenite, British Tertiary Igneous Province; <i>reply by</i> PRESTON, R. J. and HOLE, M. J.	89
BOOK REVIEWS	91
