

Scottish Journal of Geology
Volume 40, Part 1
Pages 1–96, 2004
(No. 118)

CONTENTS

POWER, M. E. & PIRRIE, D. Platinum-group minerals within the Ballantrae Complex, SW Scotland	1
BARRON, H. F., PHILLIPS, E. R. & FLOYD, J. D. The Lamington Conglomerate: further evidence for an ophiolitic source for the Ordovician Marchburn Formation, Northern Belt, Southern Uplands . . .	7
CLARK, N. D. L., BOOTH, P., BOOTH, C. & ROSS, D. A. Dinosaur footprints from the Duntulm Formation (Bathonian, Jurassic) of the Isle of Skye	13
PHILLIPS, E. R., BARRON, H. F., SMITH, R. A. & ARKLEY, S. Composition and provenance of the Silurian to Devonian sandstone sequences of the southern Midland Valley	23
BATCHELOR, R. A. & EVANS, J. Rare earth element and Sr–Nd isotope geochemistry of primary apatite crystals in metabentonites from Dob’s Linn, southern Scotland	43
CASTRO, A. The source of granites: inferences from the Lewisian complex	49
BATCHELOR, R. A. Air-fall tuffs in the Southern Highland Group, Dalradian Supergroup, at Birnam, Perthshire	67
TREWIN, N. H. & WILSON, E. Correlation of the Early Devonian Rhynie chert beds between three boreholes at Rhynie, Aberdeenshire	73
DARABI, M. H. & PIPER, J. D. A. Palaeomagnetic study of the Canisp Porphyry, NW Scotland: an Early Silurian palaeomagnetic pole from the Laurentian Foreland	83
BOOK REVIEWS	93
