

Scottish Journal of Geology
Volume 45, Part 1
Pages 1–96, 2009
(No. 128)

CONTENTS

BUSBY, J. P., AKHURST, M. C. & WALKER, A. S. D. A new high-resolution aeromagnetic dataset over central Ayrshire: insights into the concealed geology	1
HENDERSON, W. G., TANNER, P. W. G. & STRACHAN, R. A. The Highland Border Ophiolite of Scotland: observations from the Highland Workshop field excursion of April 2008	13
BAROOAH, B. C. & BOWES, D. R. Multi-episodic modification of a high-grade terrane near Scourie and its significance in elucidating the history of the Lewisian Complex	19
MCINTYRE, K. L. & HOWE, J. A. Bottom-current variability during the last glacial-deglacial transition, Northern Rockall Trough and Faroe Bank Channel, NE Atlantic	43
ANDERSON, L. I. Charles Darwin and Andrew Smith – an overseas exchange	59
CLARK, N. D. L. & CORRANCE, H. New discoveries of <i>Isochirotherium herculis</i> (Egerton 1838) and a reassessment of chirotheriid footprints from the Triassic of the Isle of Arran, Scotland	69
SHORT COMMUNICATIONS	
DONOVAN, S. K., FEARNHEAD, F. E. & CLARKSON, E. N. K. The ichnofossils <i>Gordia</i> Emmons and <i>Chondrites</i> von Sternberg from the Deerhope Formation, North Esk Inlier (Silurian, Llandoverly)	83
DONOVAN, S. K. The camerate crinoid <i>Eucalyptocrinites</i> sp. from the Silurian(?) of Scotland	89
BOOK REVIEWS	93
